

# Road Closure on Kelley Farms Road

Week of December 17, 2018

National Grid's contractors will be closing Kelley Farms Road for approximately four (4) hours the week of December 17, 2018, to accommodate access to the Ballston-Mechanicville Refurbishment Project. The closure is weather-dependent and will happen sometime between Monday and Thursday.

The closure will be from the intersection of Kelley Farms Road and Eastline Road to the intersection of Kelley Farms Road and Red Barn Drive. For your safety, and the safety of our employees and contractors, flaggers will be on-hand to direct traffic. Please use the Chapel Hill Drive entrance during the road closure.

Thank you for your understanding as we continue to invest and update our electric infrastructure.

If you have any questions or concerns, please contact:
